further to pastest s essential mcqs range here is a book specific to medical students studying for their obstetrics and gynaecology examinations three practice papers provide mixed questions and revision checklists that cover all areas

self assessment by ten teachers presents a new opportunity for medical students to assess their levels of knowledge and understanding in obstetrics and gynaecology and to practise their exam technique working well as a stand alone book this comprehensive self assessment book is also designed to complement the well known volumes gynaecology by ten teachers and obstetrics by ten teachers both of which have now reached their 18th editions the book tests information covered in the two ten teachers volumes via the full variety of exam question types emqs mcqs saqs and osces each answer has a short explanation of its own and cross references are also made to page numbers and topics in the main textbooks

this new e book presents a selection of over 200 self assessment questions in emq mcq and sba format from the trainee journal obstetrics gynaecology and reproductive medicine mapped by module to the mrcog part 2 exam these questions are designed to test and apply the knowledge essential for candidates to pass mrcog part 2 they are also ideal for life long learning cpd and indeed preparation for all post graduate exams in obstetrics not just mrcog

including especially the new ebcog exam in europe and local college exams in india the middle east and africa

this book presents medical students and those preparing for postgraduate examinations with an ideal opportunity to assess their levels of knowledge and understanding in obstetrics and gynaecology and to practice their exam technique across a range of question formats it can be used as a standalone revision guide but is also designed to complemen

this book is intended as a constant revision tutor and should help you to revise your obstetrics and gynaecology in preparation for examinations it is particularly aimed at helping you to identify areas where your knowledge and understanding needs to be improved the answers and clinical notes in this book are presented so that you can commit yourself in written opinion and can then confirm correct information and identify errors the answers should reinforce your knowledge when you are correct and your reference textbooks explain why you were mistaken if your answer is wrong

mrcog part 2 550 mcqs emqs and saqs offers the most up to date and comprehensive coverage of practice questions for trainees preparing for the mrcog part 2 written exam presented in a clear layout chapters are mapped to the syllabus to deliver structured revision in all the key topics featuring a wealth of practice questions and fully descriptive answers this book provides the essential revision tool to maximise chances of exam success 550 questions comprising 250 mcqs 250 emqs and 50 saqs reflecting the breadth of topics encountered in the actual exam answers feature concise rationales to consolidate knowledge and understanding extensive evidence based referencing to relate theory to clinical practice

basic sciences for obstetrics and gynaecology mcqs presents sample multiple choice questions and answers dealing with the basic sciences in obstetrics and gynaecology the aim of the volume is to give those candidates studying for examinations such as the mrcog part 1 a flavour of the examination itself book cover

it contains more than 2000 obstetrics gynecology it will help you guys to crack following exams fmge neet pg university exam next exam

this self assessment book enables candidates to practise their technique for the new osces particularly for the osces of the drcog it consists of five osce circuits each with 20 stations and two rest stations the questions of each station are assembled to represent as closely as possible those of a typical drcog paper in terms of content type of station and general display answers and commentaries for the stations follow each circuit as appropriate tips and pitfalls which came to light during validation of the questions are highlighted the book begins with the chapter what is an osce and closes with two typical mcq test papers of a similar level of difficulty to those in the drcog the first known osce book for obstetricians gynaecologists which is particularly suitable in drcog candidates concise introduction to the osce invaluable commentary to help candidates avoid common pitfalls practical advice for preparing for the drcog

get through mrcog part 2 mcqs covers the breadth and depth of the mrcog part 2 examination syllabus and is an essential revision tool for candidates preparing for this examination the comprehensive and wide collection of practice questions is designed to help the candidate test and assess their knowledge of the subject aiding them in thorough preparation for the exam the text contains 750 multiple choice stems each with around four associated questions providing the reader with a total of 3000 individual questions with which to test themselves the material is divided up by subject area allowing candidates to test their knowledge on a particular topic the 13 modules are followed by two mock papers each containing a selection of questions on different subject areas which the reader can attempt under timed conditions answers are provided with useful explanatory information for all questions to help the reader understand why their answer is right or wrong the author paul ayuk was clinical lecturer in obstetrics and gynaecology at oxford university for 6 years and has run an on line mrcog course for over 5 years assisting over 8000 candidates worldwide

this work features a foreword by david taylor vice dean leicester medical school this book is the first to assist students with a new format of testing knowledge and clinical skills i e the extended matching question i am delighted my colleagues here in leicester where undergraduate education is given the very highest priority have found the time and energy to write this book this book comprehensively tests a whole range of obstetrics and gynaecology and i congratulate them for it david taylor in the foreword this revision aid in obstetrics and gynaecology is based on the extended matching question format emq it contains over 200 patient vignettes arranged in topic areas covering a broad range of themes and degrees of difficulty it provides test emqs and detailed answers at the completion of each section emqs in obstetrics and gynaecology is an indispensable study and revision aid for undergraduate medical students preparing for in course assessment in obstetrics and gynaecology as well as final exams it also provides a vital review for specialist trainees in obstetrics and gynaecology preparing to take postgraduate exams

mcqs in gynaecology and obstetrics will help medical students prepare for exams during clinical attachments and medical finals this comprehensive self assessment text accompanies the well known volumes gynaecology by ten teachers and obstetrics by ten teachers questions and answers are referenced to appropriate chapters in these texts book jacket title summary field provided by blackwell north america inc all rights reserved

this book includes mcqs in the basic sciences that underpin the study of obstetrics and gynaecology as is examined in part 1 of the membership examination following the syllabus recommended by the rcog the questions are arranged in papers of 60 questions each question having 5 stems with true false answer options full answers with explanatory

this book has 530 mcqs obstetrics part contains 280 mcqs and gynaecology part comprises 250 mcqs answers are given with explanations almost all of the main topics are covered and each section is further subdivided to facilitate readers in schematic preparation it is basically aimed at under graduate medical students keeping in mind their learning need but postgraduate students can also benefit from this book
